Lukhdhirji Engineering College, Morbi

Department of Electrical Engineering

Branch	:	Electrical
Semester	:	3rd
Subject	:	**Electrical Machines-I**
Subject Code	:	**BE03009021**
Academic Year	:	2026-27

Dear Students,

I have created a shared Google Drive folder for our coursework this semester. This folder will serve as the central repository for all essential academic materials.

Inside this folder, I will be regularly uploading and updating the following documents:

- Course Syllabus
- Lab Manuals
- Assignments and PBL task.
- Mid-Semester Examination Syllabus
- Various important instructions and announcements

Stay updated with the course materials. Please bookmark this folder and make it a habit to check it regularly throughout the semester so you do not miss any critical information.

Click here to access this shared folder (Resources EM1 BE03009021 AY 2026 27):

Links for Various documents

Sr No	Name of Document	Link
01	Syllabus - Electrical Machines-I (BE03009021)	Click here
02	Lab Manual	Click here

Problem Based Learning

Sr No	PBL Activity	Hours	Due Date
01	Power point preparation on technical topics	05	24/08/2026
02	Technical Video based learning related to the subject	10	28/08/2026
03	Assignment 01 and 02 (Click here)	06	12/09/2026
04	Industrial Visit at Perfect Electrical Services	10	19/10/2026

Problem Based Learning Details:

Sr No	**PBL Activity**	**Hours**	**Due Date**
01	Power point preparation on technical topics	05	24/08/2026
Description: Students are required to prepare power point presentation of Construction of three phase induction motor and three phase transformers. Presentation should include various important parts of machines, their functions and material from they are made.			
02	Technical Video based learning related to the subject	10	28/08/2026
Description: You are required the learn from videos mentioned below. Make a report of all the videos. Video 01: Single Phase Transformer Video 02: Testing of transformer Video 03: Three Phase Induction Motor Video 04: Three Phase Induction Motor – Torque Speed			
03	Industrial Visit at Perfect Electrical Services	10	19/10/2026
Submit the report of Industrial Visit at Perfect Electrical Services. Report must include industry profile, what you understand, gained knowledge about three phase distribution transformer construction, operation, maintenance and testings.			

Learning Tools:

Sr No.	Name and Description	Link
01	Desmos – Graphic tool to draw torque-slip characteristic, visualization of harmonics effect on torque slip characteristic	Click here
02	Visualization of RMF -01	Click here
03	Visualization of RMF -02	Click here
04	Various Animations	Click here
04	RMF Mathematical Proof – 03	Click here
05	Indian Standard 4029 (IS 4029) Testing Methods of three phase IM	Click here
06	Indian Standard 4889 1968 (IS 4029 1968) IS 4889 1968 Methods of Determination of Efficiency of Rotating Electrical Machines	Click here
07	Indian Standard 325 1996 (IS 325 1996) THREE PHASE IM - SPECIFICATION	Click here
